

Criminal Thinking

I want it now.

I won't get caught.

I can't trust authority figures.

It's only a problem when I get caught.

I was mad.

They deserved it.

If I get caught I'll just lie.

I can't tell anyone.

I don't want to hear it.

I'm not a snitch.

Other people did it.

What they don't know won't hurt them.

I only did once.

It was just a little bit.
